

Added Security / PCI Benefits

Provided by the Gateway

PCI Compliance via Gateway

- **Payment Form Solution**
- PCI states that “any entity which collects [not just stores] the credit card information must go through PCI.”
- Entities such as... Shopping Cart, Store Builders, Payment Forms...

How the Gateway Helps

- Payment Form sits on the Gateway Server
 - SSL Encrypted Page
 - PCI Compliant Server
 - Maintained and Monitored by Gateway
Merchant Never Touches the Credit Card Data

Features

- Customizable look and feel.
- HTML, Script, Advanced Editing
- Easily Connects to ANY Existing eCommerce Solution.
- Stores Customer Information on Gateway securely for life of account.

Markets
